CMSI 4072: Written Status Report

Week 15

Yuchung Wu (Troy) - Archived

Accomplishment since last report

- Accomplishment 1: Built Direct Message view between a producer and an artist - integrated with Google Firebase to store all sent text message - including content, sender and receiver addresses, and timestamp

- Accomplishment 2: Refined UI view for profile explore view, homepage, beat page, open page

Scheduled tasks to be done by next report

- Task 1: Continue integrating payment system

Noteworthy risks, concerns, or problems:

1. The payment system will not finish integrating before the final project presentation - which I might consider the possibility of eliminating such feature
